

CIV102 Report

Alan W., Luyu VK., Henry K.
(Dated: November 16, 2025)

INTRODUCTION

Lorem Ipsum

REFERENCES

Wilson, Brian, “PHY180 Pendulum Project”, from q.utoronto.ca, 2025.

AI Statement

No form of AI was used in planning the lab, writing the lab, or writing the processing code.

AI was used to spell-check the report after finishing with the prompt “Note any typing errors”. 6 minor suggestions regarding spelling mistakes were accepted. I decided to use it because there is no spell checker available in my IDE for LaTeX.
